Travel		
Description	Type	Ticket
<p>Travel - color of text will now be red when domestic is earlier than international</p> <p>As a way of alerting users, when domestic flights are earlier than international flights for a case, the text will be red. Note that this is usually a temporary situation until new domestic data is received from IOM.</p>	Enhancement	157212
<p>Manage Travel fix</p> <p>Fixed issue where the Manage Travel screen was not ignoring deleted ProFlight legs and, therefore, was displaying incorrect information.</p>	Bug	156820
<p>eABN/eDOM – prevent add/delete duplicates</p> <p>IRIS will no longer add unnecessary duplicate add/delete entries in the Travel History grid of the Travel screen. It will also no longer send email notifications for those cases.</p>	Enhancement	157441

Pre-Arrival		
Description	Type	Ticket
<p>Improved WRAPS Allocation Results Import</p> <p>Modified WRAPS Allocation Results import to do the following when a user accidentally imports the Allocation Results data prior to the Biodata:</p> <ol style="list-style-type: none"> 1. Create Allocation Results VOLAG Note. 2. # Success will say “0 records were updated” rather than “### Successfully Imported.” 3. Rather than making it appear that everything ran fine, the WRAPS Import Summary screen will now indicate, “No files were updated because biodata has not yet been imported. Biodata files should always be imported before Allocation Results files.” 	Enhancement	148220
<p>"Add Anchor" change</p> <p>Added a “PA Willingness to Resettle” field to the Add Anchor screen.</p>	Enhancement	155440
<p>Transfer/Reallocation Form fixes</p> <p>Fixed issue where IRIS was not populating the correct RA in the "From" field of the Transfer/Reallocation Form. Also fixed an issue with the Arrival Date on the form.</p>	Bug	156532
<p>Reconciliation change</p> <p>Added ability to change Reconciliation Type if it was entered wrong initially.</p>	Enhancement	156298

Pre-Case/AOR		
Description	Type	Ticket
<p>Set "Search PA only" as default for Pre-Case Processing Advanced Search</p> <p>Changed the Pre-Case Processing Advanced search to only show primary/qualifying members by default during a search. This can be overridden by unchecking the "Search PA Only" checkbox in the Family Member subsection of the Pre-Case Processing Advanced search screen.</p>	Enhancement	155677
<p>Fixed name order on four Pre-Case Processing notifications</p> <p>Several pre-case notifications were displaying first and middle names in the wrong order.</p>	Bug	155591
<p>P3 Filing Deadline and Minor Aging/Aged Out notification changes</p> <p>Rather than present the RAs with an error when clicking on an AOR in one of the above notifications that is still in Open status with the affiliate, IRIS will present RAs with a pop-up explaining why RA is unable to open the AOR and directing them to the correct affiliate.</p>	Enhancement	157056
<p>"AORs Submitted to RPC/RSC" notification bug fix</p> <p>Fixed issue where IRIS was adding AORs to the "AORs Submitted to RPC/RSC" notification when a user added a date to the "Received by RSC Date" field in a Lautenberg AOR.</p>	Bug	155650
<p>Modified "Submit AORs" notification</p> <p>The "Submit AORs" grid was modified to allow the user to filter the list in the grid so that they can select, and then only see in the grid, the type of AORs they wish to work on.</p>	Enhancement	155588
<p>Ability to reopen an AOR</p> <p>Provided ability for an RA to reopen a closed AOR.</p>	Enhancement	155664
<p>Added fields to the Lautenberg and old P3 header</p> <p>Added AOR Type and Affiliate to the header of the Lautenberg and old P3 AOR screens.</p>	Enhancement	155590

<p>CAM AOR Current Status Granted Date and Date of Arrival in U.S. can now be the same</p> <p>IRIS was not allowing the Current Status Granted Date and Date of Arrival in U.S. to be the same in CAM AORs. That has been resolved.</p>	Bug	158138

Pre-Case/AOR		
Description	Type	Ticket
<p>Ability to change AOR Date Filed/Date Completed</p> <p>Modified IRIS so that the Date Completed on the DS-7656 and DS-7699 forms now match the Date Filed after a change is made to the Date Filed field.</p>	Bug	152301
<p>Uploading of .jpeg files to AORs now allowed</p> <p>IRIS was not allowing the upload of .jpeg files to the photo sections of AORs. That has been resolved and the wording of the error message has been improved.</p>	Enhancement	158151

Post-Arrival		
Description	Type	Ticket
<p>Cultural Orientation</p> <p>The case-level Cultural Orientation Assessment form is only applicable to cases with adults. IRIS was updated so that the Cultural Orientation tab is not present if the case has no adults.</p>	Bug	157600

Matching Grant		
Description	Type	Ticket
<p>Batch Unlock MG 120/180 Day Reports</p> <p>After a Matching Grant reporting period ends, 120 and 180 day reports become locked from further editing by Affiliate offices.</p> <p>This enhancement provides the ability to unlock 120 or 180 day reports as a batch rather than individually.</p>	Enhancement	154365
<p>Grace Period for MG 120/180 Day Report Locking</p> <p>At the end of a reporting period, 120 and 180 day reports become locked from further editing by Affiliate offices.</p> <p>This enhancement extends the date before which the reports become locked. For example, if the reporting period ends on 3/31 and a value of 10 is used for a grace period then the report would not become locked until 4/10. An RA user may change the grace period value.</p>	Enhancement	154368

Administration		
Description	Type	Ticket
<p>Custom Report: Add "Employable" field to Individual table</p> <p>If a case is enrolled in MG, and have employable status set as 'Y' or 'N' then override individual table value.</p>	Bug	156902
