

IRIS Release Notes

5.5.2.4 – 12/19/2018

Pre-Case		
Description	Type	Ticket
<p>AOR – “closed” logic</p> <p>Changed the P3, CAM & Lautenberg AOR “closed” logic to include the “Transferred Out” status. This means AORs in “Transferred Out” status will be treated the same as AORs in “Closed” status by IRIS.</p>	Enhancement	203585
<p>AOR – print error</p> <p>Resolved a memory issue related to calculations of Bitmap objects used to determine placement of data on the P3 AOR DS-7656 form and the CAM AOR DS-7699 form.</p>	Bug	202365
<p>Interests – ability to close in “Pending” status</p> <p>Added the ability to close an Interest when it is in “Pending” status.</p>	Enhancement	202363

Pre-Arrival		
Description	Type	Ticket
<p>Co-Sponsor – new notification</p> <p>Added new RA dashboard notification to alert RA of cases containing co-sponsors which have been newly added or modified.</p>	Enhancement	201185
<p>Co-Sponsor – notification removal</p> <p>Removed the “Cosponsor Placement Exception Denied” notification from the affiliates’ dashboard because it is no longer valid. PRM no longer allows placement exception for co-sponsors.</p>	Enhancement	201110
<p>Co-Sponsor – screen changes</p> <p>Modified the Co-Sponsor screen to remove the Placement Exception functionality because PRM no longer allows this for co-sponsors.</p>	Enhancement	201109
<p>Reconciliation Report – terminology change</p> <p>Modified the Reconciliation Report to change occurrences of “VOLAG” to “RA.”</p>	Enhancement	202332
<p>Cross Reference – added affiliate</p> <p>Added an Affiliate column to the Cross Reference screen which shows which affiliate the cross referenced case is placed with.</p>	Enhancement	205382
<p>Display Active Affiliates in Case Placement</p>	Bug	203844
