

IRIS Release Notes

5.5.4.3 – 03/31/2019

Pre-Arrival		
Description	Type	Ticket
<p>DNA Request Letter - import issue</p> <p>Resolved issue where when the AOR in the DNA file is not in IRIS, IRIS was defaulting to the first available AOR and erroneously attaching the DNA Letter to that case.</p>	Bug	211294
<p>AOR Amended Date</p> <p>The affiliate can now remove the AOR Amended Date when it was erroneously entered.</p>	Enhancement	211737
<p>Add validation to Arrival and Enrollment Age</p> <p>Add a validation to handle and display Arrival's age in negative when DOB > Arrival's date. The same rule applies to Enrollment age on the MG screen when the member age > MG enrollment date.</p>	Bug	211753
<p>Placed Cases Email Notification</p> <p>The Placed Cases Email Notifications will no longer be sent out for those cases whose Case Active Status is "Inactive." The email notification already excludes cases that are closed.</p>	Enhancement	212910
<p>eABN/eDOM - Departure Notification anomaly</p> <p>Modified the eABN/eDOM import to add a warning when there is no Flight previously added and no Individuals were found by PRC's Individual ID when Departure Notification data is imported. This was being done when ABN and DOM data were loaded, but it wasn't being done when Departure Notifications were being imported.</p>	Bug	211881

Post-Arrival		
Description	Type	Ticket
<p>Updates to Quarterly Consultation Form</p> <p>Added new data fields to "Required Participants Attendance" section as per PRMs requirement. The intent is to capture percentage of affiliates met with absent stakeholders at another time during the quarter.</p>	Enhancement	212963
<p>Updates to 90th day Suitability Report</p> <p>A new data field value is required if "Number of Minor's Visits to Affiliate Office" = 0 on Section I.</p>	Enhancement	212962

Matching Grant		
Description	Type	Ticket
<p>MG logic change for 120th day tab</p> <p>The MG 120th day tab should only be available to the affiliate when the case reaches 120th day based on either arrival/enrollment date.</p>	Bug	212623
<p>MG Updates: 120/180th Enrollment Date</p> <p>The logic to calculate 120/180th based on enrollment date has been updated throughout the matching grant module to rectify issues related to displays and date miscalculation.</p> <p>Note: MG pages, reports and views will either use arrival or enrolled date for calculation of 120/180th day.</p>	Bug	212960
