

IRIS Release Notes

5.7.2.3 – Released 1/10/2020

| Matching Grant | | |
|---|-------------|--------|
| Description | Type | Ticket |
| MG Data File Export Optimization Improved performance of the export process. Sometimes the process was ending in an error due to the long time required for processing. Removed the configuration of case types for eligibility date calculation and hard coded values. | Enhancement | 231202 |
