Enhancements

Request ID	Subject	Category
376990	**Interpretation Details in Pre-Arrival, Post-Arrival, RPC/Other Case Notes Print**	**Pre-Arrival/PostArrival**
Modified the printed PDF of a Case Note that now includes comprehensive interpretation details for refugee cases, with validation to confirm the inclusion of complete and accurate information.		
378895	**Arrival Reconciliation Datafile Name Change**	**Post-Arrival**
Updated the requirements for the Arrival Reconciliation datafile uploaded in IRIS for automated reconciliation. A new checkbox has been added to indicate if the datafile is Initial or Final, and the upload function no longer depends on the filename.		
379245	**P3 AOR Form Change**	**Pre-Case**
Changes made to Section-3 be hidden from the P3 AOR Form interface in IRIS while still being included in the PDF print.		
373465	**Add Summary to Arrive Schedule Cases Standard Report**	**Reporting**
Added a summary of Case and Individual counts on the "Assured Unarrived Cases" report, categorizing counts for Refugee and SIV cases. Updated the "Arrived / Scheduled Cases" standard report to include a similar breakdown of Refugee and SIV case counts.		
380143	**Cultural Orientation Standard Report Update**	**Reporting**
Updated Cultural Orientation Standard report to show the total of 16 questions in **"Total COAs Compliant on All Topics"**.		
380403	**QC MG Report Print**	**Reporting**
Modified QC MG reports giving RAs ability to print Quarterly Consultation (Match Grant) reports as PDFs directly from the IRIS UI, similar to the existing functionality for R&P QC reports, with a new 'Print' button added under the 'MG QC Report' tab.
